LAGOS STATE PUBLIC PROCUREMENT AGENCY

Members of the Governing Board of

LAGOS STATE PUBLIC PROCUREMENT AGENCY

Lagos State Public Procurement Agency

LAGOS STATE PUBLIC PROCUREMENT AGENCY

MESSAGE FROM MR GOVERNOR

The Lagos State Public Procurement Agency has indeed come a long way. Since its inception in 2012, the Agency has continued to make laudable impact on good governance in Lagos State as it has been a major pillar in the efforts of the State Government to enhance efficiency, accountability, transparency, competitiveness and due process in public procurement.

The present Administration in the State under my able leadership will, therefore, leave no stone unturned to continue to support the Agency so that it could continue to innovate its processes and build the capacity of personnel saddled with the responsibility of carrying out the public procurement function in the State.

This informed the decision of the State Government to enact a new Public Procurement Law in the State in 2021. The new Law has addressed the lacuna observed in the old Law. With the new Law, the capacity of the Agency has been strengthened.

Our Administration is impressed with the ongoing digitization of the public procurement system being carried out by the Agency, particularly the integration of 107 MDAs on the e-procurement platform of the State. This development is already having a salutary impact on the efforts of the State Government towards enhancing the ease of doing business and achieving a 24-hour economy in the State.

The positive feedback we have been receiving on the activities of the Agency has encouraged the present Administration in the State under my leadership to approve the integration of the remaining 64 MDAs and the 57LGAs/LCDAs of the State on the e-procurement platform. This is aimed at further enhancing competitiveness, openness, accountability and value for money in public procurement.

The publication of the Annual Report is a statutory responsibility of the Agency which the Agency has consistently performed. Through the consistent publication of the Annual Report, the Agency has continued to demonstrate its support for our Administration's irrevocable commitment to openness and accountability in the implementation of our programmes and projects for the benefit of residents of the State.

The Annual Report, therefore, provides relevant information that could interest stakeholders in assessing our Administration's management of the resources available to us for the delivery of public goods and services throughout the State.

Igbega Ipinle Eko, Ajumose Ni

Mr. Babajide Olusola Sanwo-Olu

Governor, Lagos State

FOREWORD

014

The Year 2021 edition of the Annual Report of the Lagos State Public Procurement Agency provides an exhaustive list of programmes and projects executed by the State Government during the year under review and their costs.

Hence, the Annual Report is a testament to the openness and transparency in public procurement of the Lagos State Government under the leadership of Governor Babajide Olusola Sanwo-Olu. As regulator of all public procurement in the State, the Agency has continued to evolve creative strategies aimed at ensuring that all public procurement embarked upon by the State Government is in conformity with international best practice and due process.

Towards this end, I am particularly delighted that the Agency was able to record a landmark achievement of integrating a total of 97 MDAs on the e-procurement platform in Year 2021 alone. With this development, the Agency has recorded a giant leap in the digitization process of the public procurement system in Lagos State.

In the year under review, the Agency increased the tempo of its engagement and sensitisation of stakeholders on new development in the public procurement process of the State with a view to ensuring that no stakeholder is left behind.

On behalf of the members of the Governing Board of the Agency, I wish to commend the State Governor, Mr. Babajide Olusola Sanwo-Olu, for his continued support for the Agency, particularly for providing the wherewithal with which the Agency carries out its programmes and activities.

Let me also seize this medium to express appreciation to my colleagues on the Governing Board, the Director-General, the management and the entire staff of the Agency as well as our stakeholders in public procurement in Lagos State for their commitment, support and cooperation.

I wish to state that with the continued support of stakeholders, the Agency will continue to break new grounds towards enhancing transparency and ensuring value for money in the public procurement system of the State.

It is on this note that I commend the Annual Report to stakeholders, members of the business community, researchers, analysts, administrators, community leaders and other members of the public who may require the information contained in the publication useful.

Igbega Ipinle Eko, Ajumose Ni
